The New Ford Ranger Raptor Optional Decal Package

This brochure was designed to provide you with a general introduction to your New Ford Ranger Raptor and was correct at time of going to print. Ford reserves the right, subject to all applicable laws, to discontinue or change features and other specifications either temporarily or permanently, which will be communicated to the Ford Dealer Network. E & OE.

The declared fuel consumption and CO^2 emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006/ECE R101: 2005 as last amended) and validated and approved by an independent Laboratory certified to ISO 17025. Fuel consumption and CO^2 emissions figures are used to compare different vehicle types under uniform conditions, and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will include but not limited to many factors and are directly affected by the length of the journey; number of passengers and the amount of luggage carried; individual driving style; road conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures in day-to-day driving, although the vehicle is technically capable of doing so.

Use of Ford app is subject to the Ford app Terms and Privacy Policy and the Connected Vehicle Terms and Privacy Policy available on www.ford.co.za/fordapp/ and requires a compatible mobile device, internet access and software (including software updates from time to time).
